

Suicide Intervention Certification Training

Tuition and Education Tax Credits Available

This accredited training provides you much more than guidelines for the right questions to ask of someone who is at-risk for suicide. Our training provides you the skills to heal the events and circumstances that are triggers for suicide and effectively counsel those bereaved following a suicide.

Become a Certified Suicide Intervention Counselor(CSIC).

During this training you gain knowledge and skills to:

- Assess risk factors, including assessment of post-traumatic stress (PTSD) and addictions.
- Offer crisis intervention, and apply therapeutically effective advanced counseling.
- Apply suicide prevention strategies, including the application of emotional first aid, and changing the impact of traumatic responses.
- Provide healing for the events and circumstances that are triggers for suicide.
- Offer advanced grief counseling and support to those experiencing complicated grief resulting from a death by suicide.
- Receive resources to assist you in offering family, and community education on suicide prevention and intervention.

Cost:

No Accommodations and Lunch only \$2,499.00 (includes GST).

With Meals and Accommodation \$2,899.00 (includes GST).

Next Training Dates: Nov. 1-7, 2018 Location: St. Albert, Alberta.
